### IN MEMORIUM

But the souls of the just are in the hands of God,  
and no torment will ever touch them.  
In the eyes of the foolish they seem to have died,  
and their departure was thought to be an affliction,  
and their going from us to be their destruction;  
but they are at peace.  
For though in the sight of men they were punished,  
their hope is full of immortality.  
Having been disciplined a little,  
they will receive great good,  
because God tested them and found them worthy of himself,  
like gold in the furnace he tried them,  
and like a sacrificial burnt offering he accepted them.  
In the time of their visitation they will shine forth,  
and will run like sparks through the stubble,  
They will govern nations and rule over peoples,  
and the Lord will reign over them forever  
whose trust in him will understand truth,  
and the faithful will abide in him with love,  
because grace and mercy are upon his chosen ones,  
and he watches over his holy ones.

Wisdom 3:1-9

Mrs. Cecilia Harberson

Dr. Errol F. Galt was born on a Minnesota farm in 1889. He attended a country school and graduated from Southern Minnesota Normal College before beginning his business career with the Eclipse Lumber Company and the Illinois Central Railroad in Iowa. He moved to Montana with his family in 1910, establishing Galt Brothers Hardware and Implement Company in Stanford. He entered the banking field in 1916 as a founding partner of the First National Bank of Geyser, and remained active in that institution until it closed in 1935. In 1933 he joined the First National Bank of Great Falls as assistant to the President. He became president in 1946 and chairman of the board in 1956. Since retiring in 1967 as director and board chairman he has been retained by the First Bank System as a consultant.

Through the years he has also maintained an active interest in agriculture and livestock and served as a director and officer of many Montana concerns. He is still a director of the Montana Power Company and a member of the advisory council of Columbus Hospital. He was the founding chairman of the College of Great Falls President's Council and became a trustee of the College in 1965, a post from which he retired in the Spring of 1969. At the time of his retirement, the College awarded him Doctor of Pubis Service Degree, Honoris Causa, to show their appreciation for his achievements. To show their appreciation for his many fine efforts the students of the College of Great Falls would like to dedicate the 1970 CARITAS to this great friend of the college.

President & Mrs. E. Milton Grassell

Dear 1970 College of Great Falls Graduates:

You have completed your college baccalaureate degree during very exciting times.

Take the college years that you have just completed. If possible, would you trade them for the early decades of the Twentieth Century? For the sensation-seeking years of the 1920's? For the job-seeking years of the 1930's? For the war-confused years of the 1940's? Or for the corroding apathy of the 1950's?

If any particular single thing characterizes the college man or woman of today, it is the passionate urge for personal involvement in the many unsolved problems that still plague our affluent society.

During the entire history of higher education, I doubt if there has ever been a more exciting or rewarding time to be a student. And I also doubt if there ever was a time when students were more concerned and involved. This is Good! And you are to be commended.

We sincerely hope that the kind of "warm", sincere, quality education provided by the College of Great Falls will be of real value to you and to society.

Sincerely,

E. Milton Grassell  
President
